Push Mower Tune-Up

Need your Lawn Mower Sharpened? Having trouble with your mower? Or maybe you don't want to wait until your mower has problems. Call now to schedule a Tune-up and Sharpen. A tuned mower lasts longer and runs more efficiently. Let us come and pick up your mower and make sure it is working like it should! Just give us a call and we'll come pick it up! Pick-up and Delivery charges apply.

Walk-behind Lawn Mower Tune-up \$89.00 + pick up & delivery, parts and tax that are not listed below in this package!

- Sharpen blade(s)
- Drain and replace engine oil
- Replace spark plug
- Clean/replace air filter
- Check/adjust self-propel system (where applicable)
- Lube cables, check/tighten bolts
- Make needed carburetor adjustments and cleaning
- Clear under-deck of buildup/clean mower
- Test run

(large commercial walk-behinds excluded)

The following items would be extra and over the \$89.00 package: pick-up and delivery, replacement of belts, cables, carburetor repair parts, blade(s), or any other parts and labor that would be needed. We always call and let you know if more than the normal is needed to repair your equipment!

Snow Blower Tune-up

There's nothing convenient about hauling your snow blower to the shop for repairs. If your blower needs attention, just give us a call and we'll come pick it up! Whether replacing a belt or doing a full tune-up, we'll make sure your blower is always working as it should. Pick-up and Delivery charges apply.

Two Stage Snow Blower Service \$126.00 + pick up & delivery, parts and tax that are not listed below in this package!

- Check air, fuel and ignition
- Drain and replace engine oil
- Inspect auger and impeller
- Make carburetor adjustments and clean (if needed)
- Replace spark plug and fuel filter (where applicable)
- Check belts and pulley tension
- Check/adjust controls
- Inspect and inflate tires
- Lubricate chute and linkage
- Test run

The following items would be extra and over the \$126.00 package: pick-up and delivery, replacement of belts, cables, carburetor repair parts, or any other parts and labor that would be needed. We always call and let you know if more than the normal is needed to repair your equipment!

Riding Mower Tune-Up

For mowing large lawns, riding mowers are very convenient. But there's nothing convenient about hauling your riding mower to the shop for repairs. If your rider needs attention, just give us a call and we'll come pick it up! Whether replacing a belt or doing a full tune-up, we'll make sure your rider is always working as it should. Pick-up and Delivery charges apply.

You may want to consider letting us tune and sharpen your rider annually as a way to help it last longer and always run smoothly.

Rider Tune-up & Sharpen \$189.00 + pick up and deliver, parts and tax that are not listed below in this package!

- Sharpen blades
- Drain and replace engine oil
- Replace fuel and oil filters (where applicable)

Pick Up and Delivery Fees

Local Pick Up and Delivery in The Ashland County area!

Pickup and delivery offered at \$2.00 per mile. There is a \$50.00 minimum

WHY ISN'T DELIVERY FREE?

We charge a fee to help cover some of the costs associated, but our delivery and pick up charges do not cover all the associated costs. We are only offsetting the cost of fuel, truck repairs and labor to offer you this wonderful service.

YOU DON'T HAVE TO BE HOME.

That's right, you don't have to be home for us to pick up or deliver your machine. We know it's no fun sitting at home waiting for someone to come by and pick-up your equipment, that's why we make it easy on you. When we write up your service order, we will ask you where the machine is (side of the house, shed, backyard...) and will pick it up from where you have it stored. If you have it stored in your garage or other secured area, all you have to do is leave it outside for our driver. When your machine is done, we will deliver it back in place for you and leave an envelope with a copy of your work order and receipt.

WHY DON'T WE SET A SPECIFIC PICK-UP OR DELIVERY TIME?

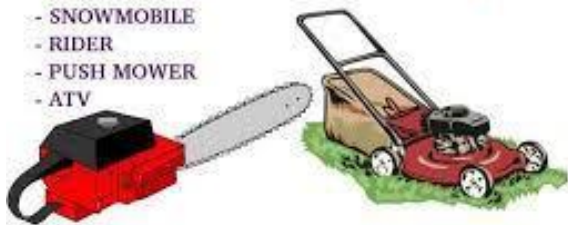

Simply put, because we don't want to make a promise, when we may not be able to keep it. There are a lot of things that can prevent us from being on time, including traffic delays and rental or service calls that require an urgent response. Rather than have you sitting at home, frustrated that we are not there on time, we ask you to leave the equipment out for us and we will swing by and pick it up as quickly as we can.

Recycle old mowers, Rider, & other Power Equipment.

WILL PICKUP:

~BROKEN or UNWANTED~

- CHAINSAW
- SNOWBLOWER
- SNOWMOBILE
- RIDER
- PUSH MOWER
- ATV

You've had a good, long run together. But even with the best lawnmowers and other outdoor power equipment, there comes a time when you have to move on. Whether your equipment has aged beyond its useful life or you're ready for an upgrade, make sure your old lawn mower goes to greener pastures – and doesn't end up in a landfill somewhere. Be smart about recycling your lawn mower.

Give Elite Small Engines a call and we will pick up your old mowers, and other power equipment or you can arrange a time to drop them off. Elite Small Engines will dismantle and properly recycle every part of your old equipment to help prevent it from going to a landfill.

567-203-7799

A \$75.00 deposit may be required on equipment left for repair. This goes towards repairs requested or covers diagnostic and estimate for repair. If an estimate is approved this deposit goes towards the repairs agreed upon. If the estimate is not approved this will cover the minimum labor to complete the diagnostics and estimate. On an estimate, the deposit is for diagnostic, tear down, and building estimate only. Additional charges will apply if reassembly is required.

The Standard Labor / Shop Rate is \$75.00 per hour.

There is a 3% convince fee that applies to all credit card transactions
